SMART CHICKEN SOLUTIONS FOR K-12

For more than 60 years, Gold Kist Farms has served up high-quality chicken products for schools. From traditional breaded favorites to on-trend, specialty and all-natural items, we offer solutions that meet national nutrition guidelines and satisfy hungry students. And as the only chicken brand dedicated exclusively to K-12, we're committed to providing the best chicken products along with the support you need to create a successful meal program.

At Gold Kist Farms we work tirelessly to earn your trust, ensuring that students love—and parents approve of—the products we deliver.

“PHD: PREMIUM, HEALTHY, DELICIOUS” MINIMALLY PROCESSED CHICKEN

Our “PhD” chicken bites, strips and patties earn an advanced degree for being minimally processed and all natural, containing no added soy, dried whole egg or dairy. This delicious and healthful line is an exclusive offering from Gold Kist Farms.

HOMESTYLE BREADED

Homestyle whole-grain-breaded products provide a satisfying crunch with a hand-tumbled appearance. From kid-favorite chicken nuggets to the classic sandwich patty and a smaller breakfast sandwich patty, these products are guaranteed to satisfy your hungry students. Available in both commercial and commodity codes.

GOLDEN BREADED

Golden breaded products have a traditional profile of whole-grain breading that's smoother and flatter than homestyle breading, for a rich golden color when cooked. Choose from ever-popular chicken nuggets, strips (great for dipping) or sandwich patties. Available in both commercial and commodity codes.

HOT & SPICY BREADED

Turn up the heat with spicy whole-grain-breaded chicken patties, featuring smoky serrano peppers. The extra boost of flavor in these chicken sandwiches is sure to make them “hot” items on your menu.

BONE-IN PARTS

Bone-in 8-piece chicken is a perennial favorite with kids and teenagers alike. Breasts and wings satisfy those who prefer white meat, and drums and thighs are perfect as savory dark-meat offerings. Further customize your menu by featuring breaded fried chicken with a delicious, crunchy bite alongside unbreaded roasted chicken with a succulent, juicy flavor.

WHOLE-MUSCLE BONELESS

Premium solid muscle fillets provide the foundation for quality sandwiches your students crave, and whole-grain-breaded chunks make a fun, dippable snack or lunch item. Diced meat and strips are ideal ingredients for a variety of dishes, saving your staff time and labor.

POPCORN AND SPECIALTY ITEMS

Capitalize on the popularity of the perfect finger food, with specialty items that bring an element of familiarity—with a twist. Popcorn chicken is available with fun, colorful illustrated cups that promote the product while providing controlled portions in easy-to-serve containers. All Gold Kist Farms specialty items are great by themselves, on salads or in wraps.

UNBREADED

Offer a lower fat and zero grain alternative to the traditionally breaded patty.

A+™ chicken

Our new A+ line of portioned chicken products provides the bite of whole-muscle chicken but with more consistent size, weight and shape. That means even cook times and better portion control. With a whole grain breading profile and no added starches or binders, these products earn an A+ for delivering great taste while helping you meet nutritional requirements. They're available in tenderloins, fillets and breakfast fillets.

CHICKEN SAUSAGE

Traditional breakfast sausage is packed with flavor, and our new fully cooked breakfast sausage patties are no exception. These all natural, minimally processed sausage patties are made with dark meat chicken and contain no artificial ingredients*. With fewer calories and less fat than pork, our chicken sausage makes it easier to meet nutritional guidelines for breakfast while delivering crave-worthy taste.

*Contains caramel color

HEATING INSTRUCTIONS
